

RODENT CONTROL DEVICES NON TOXIC AND KEY LOCKABLE STATIONS

TRAPPER 24/7

kshs 3,100.00 plus vat

- Combines function and style in a multiple-catch mouse trap, ideal for monitoring and / or trapping and is effective for both mice and insects
- Made with a strong, impact-resistant material that can withstand many everyday collisions
- No winding; The trapdoor provides unsurpassed capture rates
- A horizontal sliding lid design provides greater control during servicing
- Allows viewing from the side or top with a flashlight
- Accommodates disposable glue boards for monitoring and fast cleanup

TRAPPER MINI-REX

Kshs 1,325.00 plus vat

- Superior mouse and small rat capturing power with no false triggers
- Responsive and precise trigger mechanism makes it faster and easier to set than traditional wood traps
- Strong enough to kill a mouse, yet it's safe around children and non-target animals
- Can be used in Protecta Mouse and Protecta Sidekick tamper-resistant bait stations

COMBAT BAIT STATION

- Economic rat-size bait station - for cost sensitive accounts
- Lockable, tamper resistant
- Uses same bait station key to open
- Uses poisonous block bait
